Facilities Operations & Maintenance Plan

Plan Coverage

Adequacy of and Improvements to Physical Facilities

The day-to-day operation, maintenance, and needed upgrades of the physical resources occur in a timely and professional manner. Most of the routine operation, maintenance, and upgrades to college facilities and technical infrastructure are handled by this team. Significant systems maintenance or large project upgrades may be outsourced to local contractors.

Southwest Technical College maintains a computerized maintenance management system (CMMS) that allows all faculty and staff to submit work orders to the Facilities, Maintenance and Custodial. This electronic system allows for maintenance or repairs to be communicated to the appropriate personnel so the needed actions can be completed in a timely manner.

Budget available for Facility Maintenance and Improvement

The Director of Facilities develops an annual budget for facilities, fleet, maintenance, and custodial.

The Facilities Department has an annual budget maintained by the Finance Department and is readily available.

Exhibit 6.A.3.5 — FY2025 Capital Improvement Project Request Sample

FY'25 Capital Improvement Project Requests Need Statement								
Agency/Institution	Risk ID#	Building Name	Project Name and Description	FCA or other Project Justification Info.	Classification	Agency Priority	Early Design Yes/No	Requested Amount
Southwest Technical College	05762	Automotive & Technology Building	Restrooms remodel and upgrade. These are the original restrooms from 1984 and are extremely dated and worn. We are not able to have entrance doors on these restrooms and maintain ADA compliance.		2-Critical	1	No	\$200,000
Southwest Technical College	05762	Automotive & Technology Building	Parking lot expansion and turf reduction. The parking lot for the Automotive and Technology building is at max capacity. We would like to remove 7,800 sq ft of turf to conserve more water and turn this area into additional vehicle parking spaces. With the growth of SW Tech the parking lot for this building is not adequate.		2-Critical	2	Yes	\$250,000
Southwest Technical College	14304	Health Professions & Trade Building	Electronic Door Access. Continued expansion of the automated building access system enhances overall college safety by allowing for remote door control during emergency lockdowns, eliminates the need for physical keys and reduces expenses when keys are lost, improves emergency response times, and ensures staff accountability.		3-Necessary	3	No	\$50,000
Southwest Technical College	14304	Health Professions & Trade Building	Remove existing parking lot, over excavate and replace parking lot. The current parking lot at the Health Professions and Trades building was built on top of collapsible soil and has major settling issues.		3-Necessary	4	No	\$500,000
