1. Policy

Any person who declares a technical training objective is eligible for admission at Southwest Technical College (Southwest Tech). A high school diploma or equivalent is not required for admission, but is mandatory for students seeking Title IV Federal Financial Aid.

3. Transfer Students – From Other Institutions

Coursework and competencies completed at other institutions will be evaluated to determine if it meets any of the competency requirements of the Southwest Tech program in which the student plans to enroll. Students who transfer and request course credit must provide official transcripts and any other required reports, records, or evaluation of the credit to the Southwest Tech Registrar's office for review. Credit from other institutions will not be considered unless the granting institution is accredited by an agency recognized by the U.S. Department of Education or whose acceptance is required by a state or federal approving agency.

Please note: official transcripts are prepared and sent by the prior institution at the student's request, directly to the Southwest Tech Registrar's office. Sealed tamper evident paper copies or password protected encrypted emails are considered official transcripts. Opened paper copies or unsecure email copies are considered unofficial and are not acceptable for prior credit review.
