SERVICES TO STUDENTS WITH DISABILITIES

Southwest Tech is committed to a policy of nondiscrimination. No otherwise qualified person may be excluded from participation in or be subjected to discrimination in any course, program, or activity because of race, age, color, religion, sex, pregnancy, national origin, or disability. Student Services and the College Disability Services staff provide accommodations and support to assist students with disabilities.

Students interested in applying for these accommodations should meet with Cyndie Tracy, Academic Advisor/ADA Coordinator (435.865.3944; ctracy@stech.edu) in the Student Services office. While no specialized curriculum is offered, it is the role of the College Student Services office to coordinate services and resources to qualifying students. The first step for a student seeking services is to complete an application for services and resources then meet with your Advisor. The [application for services and resources can be downloaded as a PDF](#), or it can be completed [online here](#).

For scholarship opportunities for students with disabilities, please visit the [Disability Scholarships A-to-Z Website](#).

FAQs	Typical Services	Non-Discrimination	Request Services
Q: What does the application process require of me? A: You will be asked to provide information about your disability. You will be asked to provide documentation that includes a diagnosis of a disability that is age appropriate (this tells the Counselor about your current level of functioning) and lists specifically how functions are limited and specific recommendations for accommodations. The documentation required must be conducted by a licensed professional such as a medical doctor, psychologist or other qualified diagnostician. Q: I have an IEP (Individualized Education Plan) that was used in high school. Will that provide what is required for documentation in my post-secondary program? A: No. While the IEP may help identify what services were provided in high school, and it provides a record of your disability, it is not enough to meet the requirements of your post-secondary institution. A helpful article for students preparing for post-secondary education was prepared by the Office of Civil Rights and is available on the OCR website via the U.S. Department of Education. Q: How do my accommodations work with third-party testing required for my program? A: A request for accommodations with online or third-party vendors is separate from the request you make for our campus. It is your responsibility to research and comply with the requirements of each testing vendor. You may be required to provide additional documentation to each vendor. Please see Student Services for assistance prior to any required testing. We have gathered some links for your use: CERTIPORT REQUEST FOR ACCOMMODATIONS PEARSONVUE ACCOMMODATIONS REQUEST INFORMATION Q: Who is responsible for paying for evaluations or re-evaluations of my disability? A: The student is responsible to provide verification of disability and to pay for evaluations. If a student is working with a rehabilitation agency, he/she should request that the information

Letter Provided _____

Application for Services and Resources

Please complete this form and bring it and your supporting documentation with you when you meet with the ADA Coordinator.

Southwest Technical College is committed to assisting all students with disability services and resources on campus. This form is required to establish eligibility for accommodations under the Americans with Disabilities Act and other applicable laws and regulations. Students must voluntarily disclose that they have a disability, request accommodation and provide documentation of their disability. No diagnostic services are currently available through Southwest Tech.

The information provided will be used as a starting point for determining appropriate accommodations and to facilitate the accommodation process.
